Dear families,

Re: **Free School Meals**

We have a new catering company this academic year, and as a result there are a few changes to the menu and pricing. We wanted to reassure our families with children in receipt of Free School Meals, that the cost of a meal deal is £2.61 which is the same as the daily Free School Meal allowance. Students can still choose a hot meal with a drink or a pudding, or they can opt for the cold meal deal with a drink or a pudding.

The choice for Free School Meal students is displayed on the counters alongside the food items. Staff are available in the canteen to assist any student queries, and we will endeavour to make this even more visible and obvious to our students, particularly those who are new to the school.

Thank you for your support.

Kind regards,

Burton Borough School
